As a part of the Mission, our college supports the students by way of awarding them with scholarships and freeships. Scholarships and freeships are awarded to students by our educational institution. The policy for awarding scholarships and freeships is as follows:

1. The college Principal recommends students who deserve scholarship and freeships during the academic year. The college makes a budget provision for the same every year. The college maintains all the records relating to the same.
2. There are several means of awarding scholarship and freeships to students, which are termed as: (1) Scholarship for Meritorious Students (2) Fee concession/ fee waiver (3) Research contingency to M.Pharm students. These scholarships will be effective from the academic year 2017-18.

1. The college believes in rewarding the students who are toppers in their class. The toppers in each class will be given scholarship in the form of DD/Cash. The Examination section identifies the toppers from first year to last year across all programs of B.Pharm, Pharm D and M.Pharm. A letter of appreciation will be presented to the students deserving the scholarship. This scholarship/freeships will be for a period of one year duration.

concession is granted to the applicant for needy students of all courses. A standard procedure is followed for the same. The students who are intending to avail this facility have to submit their application in prescribed format to the head of the institute/principal. The principal based on the applicant's academic performance and the economic background scrutinizes the application. The principal presents the same in the Management council meeting and the final approval and rejection of the same happens.

(3) RESEARCH CONTINGENCY TO M.PHARM STUDENTS: In view of the recent trends, thrust and emerging areas being introduced in research and considering the fact that the major number of students having mostly rural background and also due to limited access to the facilities at their disposal. It is also difficult to qualify themselves for the award of various scholarships/fellowships on national and state level which further tends to eliminate them from competition for good academic positions. It has therefore been decided to introduce a scheme to be known as "Research Contingency to M.Pharm Students". A standard procedure is followed for the same. The students who are intending to avail this facility have to submit their application in prescribed format to the head of the institute/Principal. The Principal sanctions the contingency amount. This contingency will be for second year M.Pharm students of all branches in the form of Cash/DD. The contingency will be used for research projects.

GENERAL GUIDELINES

1. All scholarships are liable to forfeiture/withdrawal partially or fully in case of misconduct or deliberate concealment of material facts by the awarded students. A similar action may also be taken if it is found that a student has deliberately misguided the principal by giving false information.
